

## B: IMPACT REPORT - Extract FESTIVAL COMMENTS and SUGGESTIONS

### Prevention of public nuisance:

Better parking or Park and ride scheme (NUMEROUS SIMILAR COMMENTS)

Causes some problems for locals (NUMEROUS SIMILAR COMMENTS)

Don't feel like hassle caused is worth it for the town (NUMEROUS SIMILAR COMMENTS)

Could be better organised

Much better public consultation with affected residents

It does affect day to day lives of locals

Less interference

More bins for litter

Need to make the festival shorter

Event is too big now and it takes too long to clear the area at the end of the night

Stop affecting community as much

Too loud, disrupts town too much

Too loud, ruined weekend for me as had plans but had to cancel

Town is far too small for the volume of traffic and coaches. Road closures happen too early and are incredibly inconvenient. Traffic control at the end of the night is terrible

Fencing goes up too early

Festival is getting too big. More people would cause too much disruption and requires more policing and the area doesn't have those resources

Too loud and Green got messed up

Green gets affected

Move out of Lytham too disruptive

Too noisy, too expensive

Too much disruption

Trouble with parking

Work in a dental practice had to change hours as patients couldn't get to the clinic. Staff got parking tickets

**Prevention of crime and disorder:**

Minimise anti social behaviour in the town centre

**Promoting public safety:**

Better public transport or festival transport so not so much parking disruption

Some organisation such as leaving and tickets were an issue

**Protection of children from harm:**

Need to sort out tickets

More child friendly
